

# PRE RINSE SHOWER KIT WITH FAUCET

**TKEA-HY3306**

## STANDARD FEATURES

Mixing faucet model, Single hole, deck mount

- ✓ High-pressure pre-rinse + fill in one unit: ergonomic trigger spray for blasting residue, plus a swivel spout/faucet for pot filling—keeps the sink line moving.
- ✓ Stable, single-hole install: deck-mount Ø33–35 mm with wall bracket to eliminate wobble on deep sinks and benches; quick to retrofit on most tables.
- ✓ Built for daily duty: brass/stainless body, anti-kink hose spring, and heavy-duty spray head with hold-open clip—designed for continuous commercial use.
- ✓ Water- and hygiene-smart: targeted spray pattern for effective pre-rinse with lower water use; easy-clean nozzle screen and serviceable cartridges support HACCP routines.
