

# COUNTER FLAT GAS GRILL

**TKOT-CTGG-55**

## STANDARD FEATURES

### Heavy duty

- ✓ Generates 20,700 BTU of powerful and consistent heat, ensuring fast preheating and even cooking for professional-quality results.
- ✓ The 55x50 cm griddle plate provides ample cooking space while maintaining a compact footprint, making it ideal for high-demand kitchens with limited space.
- ✓ Constructed from premium stainless steel, offering excellent heat retention, corrosion resistance, and easy cleaning, ensuring long-lasting durability in commercial environments.
- ✓ Features an adjustable gas regulator for fine-tuned heat management and a built-in thermocouple safety system that automatically shuts off the gas if the flame is extinguished, preventing gas leaks and ensuring operator safety.
- ✓ Designed with integrated splash guards to prevent oil splatter, a removable grease tray for effortless cleanup, and non-slip feet for enhanced stability during operation.
