

# ELECTRIC HANGING SALAMANDER

**TKOT-ES53**

## STANDARD FEATURES

*Stainless steel construction*

- ✓ The electric salamander features an adjustable grilling height, allowing for precise control over the cooking process. This flexibility ensures that a variety of foods can be grilled to perfection, from thin slices of bread to thicker cuts of meat.
- ✓ Equipped with powerful electric heating elements, this salamander provides quick and efficient heating, reducing cooking times and ensuring even browning and melting.
- ✓ Built with durable stainless steel, this electric salamander is designed for longevity and ease of cleaning. Its robust construction ensures it can withstand the demands of a professional kitchen environment.
- ✓ The easy-to-use temperature control knob allows for precise temperature adjustments, giving chefs the ability to fine-tune the heat settings to achieve the desired cooking results for a wide range of dishes.
- ✓ Wall-Mountable Design: The salamander can be conveniently mounted on a wall, saving valuable counter space in the kitchen. This feature makes it ideal for kitchens with limited space, offering flexibility in installation and usage.
