

GAS SHAWARMA GRILL

TKOT-GSGT

STANDARD FEATURES

Counter type

- ✓ This vertical shawarma grill features a robust stainless steel body, ensuring durability and long-lasting performance, even with frequent use in commercial kitchens.
- ✓ Equipped with high-efficiency propane burners, this grill provides consistent and even heat distribution, ensuring perfectly cooked shawarmas every time without needing to constantly rotate the meat manually.
- ✓ The grill comes with easy-to-use adjustable heat controls, allowing precise temperature regulation to achieve the perfect cooking conditions for a variety of meats.
- ✓ Perfect for barbecues, festivals, and large gatherings, this grill's large capacity and easy-to-clean drip tray make it practical and convenient for any festive outdoor setting.
