

UPRIGHT FREEZER

TKSA-UF200

STANDARD FEATURES

Single glass door

- ✓ The upright freezer features a sleek and space-saving design, making it ideal for both commercial and home use where space is a premium. Its compact size allows it to fit seamlessly into any environment without compromising on storage capacity.
- ✓ The freezer comes with a clear glass door, allowing users to easily see the contents without opening the door, thus maintaining the internal temperature and saving energy. This feature is particularly beneficial for various settings.
- ✓ Equipped with adjustable shelves and compartments, this freezer provides flexible storage solutions to accommodate a variety of items. The molded interior ensures easy cleaning and maintenance. It is also fitted with a door lock for added security and an interior light for enhanced visibility.
- ✓ Designed with energy efficiency in mind, this upright freezer includes a digital temperature display and control system, ensuring precise temperature management while reducing energy consumption. This makes it an eco-friendly choice that helps lower electricity bills.
