

# UPRIGHT FREEZER

## TKSA-UF400

### STANDARD FEATURES

Single glass door

- ✓ **Adjustable Shelving System:** This upright freezer features a versatile shelving system with adjustable heights, allowing for customized storage configurations to maximize space efficiency for various types of frozen goods.
- ✓ **High-Performance Cooling Technology:** Equipped with advanced refrigeration components, this freezer ensures rapid cooling and uniform temperature distribution throughout the unit, maintaining optimal storage conditions for all contents.
- ✓ **Energy-Efficient Glass Door:** The freezer includes a double-glazed, low-emissivity glass door that provides excellent insulation while offering clear visibility of the stored items. This design reduces energy consumption by minimizing temperature fluctuations.
- ✓ **Durable Construction with Corrosion-Resistant Materials:** Built with high-quality, corrosion-resistant materials, this freezer is designed for long-term durability and reliability in demanding commercial environments. The robust construction ensures consistent performance even under heavy usage.

### PRODUCT SPECIFICATIONS

<b>Dimensions</b>	59.5 x 65 x 185 cm
<b>Temperature</b>	-18 °C to -22 °C
<b>Volume</b>	380 L
<b>Rated current</b>	1.8 A
<b>Refrigerant/Mass</b>	R-290A / 110 g
<b>Energy source</b>	220 V / 50 Hz
<b>Foaming agent</b>	C5H10
