

COMMERCIAL BLENDER

TKSH-CB2L

STANDARD FEATURES

2 L polycarbonate container

- ✓ The blender operates with a robust 1200W motor, ensuring powerful blending for all ingredients, including ice crushing in seconds.
- ✓ Equipped with a 2.0L break-resistant blender jug, this blender can handle large quantities while ensuring longevity and reliability in demanding kitchen environments.
- ✓ Featuring a stepless speed control that ranges from 15,000 to 23,000 RPM, along with a pulse function, the blender offers precision blending for all types of recipes.
- ✓ The blender's gears are made from high-grade stainless steel, along with SKF Italy-made ball bearings, promoting smooth, durable, and efficient operation for long-term use.
- ✓ Integrated overcurrent and temperature protection systems ensure the blender operates safely during extended use, preventing overheating and electrical damage.
